

RALVIN INDUSTRIES, 26 Walnut Place, West Long Branch, NJ 07764, had Ralph Palladino Jr. and his dad showing the new fiberglass fuse for their Nebula MK II that will be available in either all-balsa or with the new fuse.

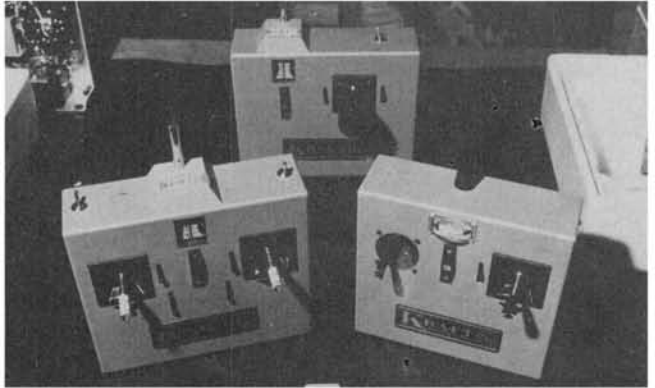

SPECIAL EDITION PLANS, P.O. Box 2555, Schenectady, NY 12309, has a new 1/2A, 38" span R/C kit for \$6.98 called the "Gnome." It can be built in two evenings because everything is die cut and fits. The "Gnome" designed by Ted Strader.

WRAM SHOW '76

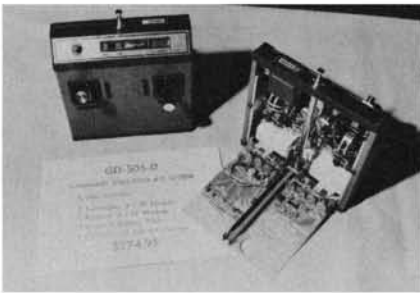

Bob Hoeckele

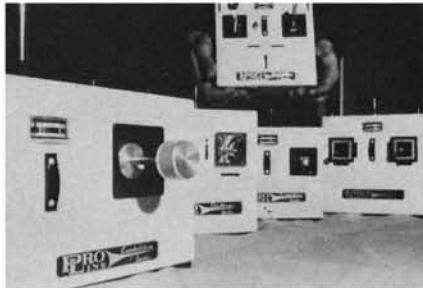

CANNON ELECTRONICS, 13400-26 Saticoy Street, North Hollywood, CA 91605, introduced their new Super-Mini Proportional Control System. It is designed for aircraft using .010 to .10 engines. Production starts May 1.

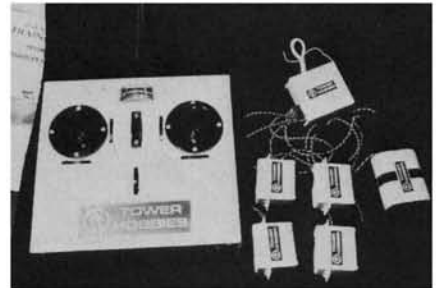

KRAFT SYSTEMS, INC., 450 West California Avenue, P.O. Box 1268, Vista, CA 92083, introduced "Concept 76" which allows for complete component interchangeability so you can custom tailor a system to your preferences. This also includes interchangeable frequency modules that provide for instant change between the 17 standard R/C frequencies.

HEATH COMPANY, Benton Harbor, MI 49022, showed their entire line of high-quality radio gear. Shown here is their 5-channel dual-stick system that retails for \$274.95. For a complete listing of Heath equipment send for their catalogue.

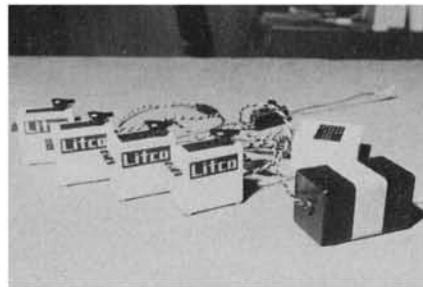

PRO-LINE ELECTRONICS, 10632 North 21st Avenue, Suite 10, Phoenix, AZ 85029, was at the show with new owners and the same high-quality contest-proven radio designs as in 1975. Yes folks, Pro-Line is alive and well in Phoenix.

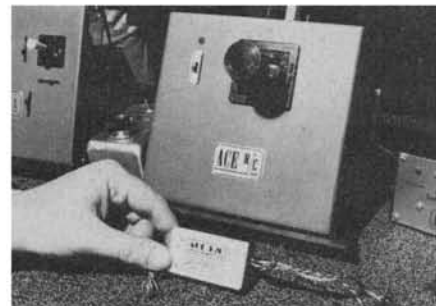

TOWER HOBBIES, P.O. Box 778, Champaign, IL 61820, had, in addition to their fine choice of products available by mail order, their new Tower radio in three and five channel versions. Tower price is \$249.95 and \$149.95.

WORLD ENGINES, 8960 Rossash Ave., Cincinnati, OH 45236, had Dave Brown's big smiling face along with the World Expert dual and single stick radios and their new Vegas dual stick. The Vegas has 4 ch. and goes for \$265.00.

LITCO SYSTEMS, Box 90, East Hanover, NJ 07936, is offering flite-paks for all major radios in use. The paks come in two sizes, regular and micro. The regular is shown here. Write them for full information at the above address.

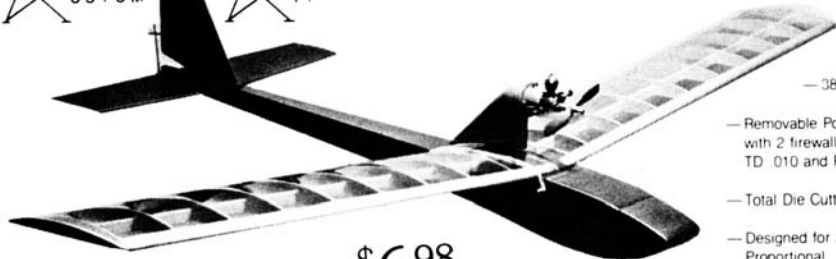

ACE R/C, INC., Box 511, Higginsville, MO 64037, has come out with a new single stick transmitter and a new single deck receiver. Both are available on all frequencies in five and seven channel configurations. Available now.
